

Over the next few months we will be sharing the Parents' Guide to the Early Years Foundation Stage Framework with you

When your child is 5

At the end of the EYFS - in the summer term of the reception year in school - teachers complete an assessment which is known as the **EYFS Profile**. This assessment is carried out by the reception teacher and is based on what they, and other staff caring for your child, have observed over a period of time.

Another important part of the EYFS Profile is your knowledge about your child's learning and development, so do let your child's class teacher know about what your child does with you: such as how confident your child is in writing their name, reading and talking about a favourite book, speaking to people your child is not so familiar with or their understanding of numbers.

All of the information collected is used to judge how your child is doing in the 7 areas of learning and development. Finding out at this stage how your child is doing will mean that the teacher your child has in their next school year - year 1 - will know what your child really enjoys doing and does well, as well as helping them decide if your child needs a bit of extra support, what that support should be and if they are already getting it.

The school will give you a report of your child's progress, including information from his or her EYFS Profile.

Where can I go for further information?

The most important place to find out more is **your child's childminder or nursery** - do ask as many questions as you need to. Providers really do welcome speaking with you.

You may want to find out what is on offer at **your local children's centre**.

You can find the **Early Years Foundation Stage** which includes the early learning goals at www.foundationyears.org.uk. The foundation years website also includes a range of resources and contacts.
